Project Goal

To ensure quality care for elderly at the Vanadzor Old Age Home.

Project Background

The Vanadzor Old Age Home (VOAH) is more than a place to live. It's a community where vulnerable elders share meals, celebrate holidays, welcome guests, pursue their interests, receive compassionate care, and build meaningful connections.

FAR works to ensure that residents have not only the essentials they need, but also the opportunity to live with dignity, purpose, and a sense of belonging.

Through this project, we're inviting Ayo! supporters to make a difference through small, tangible contributions — whether covering a day of utilities, a week of meals, or another everyday need. Together, these small acts of support help make VOAH a caring place the residents can call home.
