

ACT for Armenia

Project Goal

To fund the first two years of studies for 12 talented ACT College students, ensuring that financial need does not stand in the way of their education and future.

Project Background

ACT College, founded in 2025 by GITC with the support of FAR, is Armenia's first state-licensed vocational college for technology and the creative fields. With programs in Computer Science, Engineering & Manufacturing, and Digital Art, ACT equips young people with the skills to thrive in today's job market. But for many talented students, the cost of tuition stands in the way of opportunity.

This September, as ACT welcomes its very first class to its newly established campus in Parakar, you can help ensure that financial need never blocks the path to education. Through this Ayo! initiative, we aim to fund the full first year of studies for 12 bright students.

Join us in opening doors—and building Armenia's future.

Budget

Number of Students	Annual Tuition per Year	Years	Total Annual Tuition
12	\$2,631	2	\$65,000

Total

Exchange rate: 1 USD = 380 AMD

\$65,000

**Project goal is rounded up to account for potential exchange rate fluctuations*
