

ACT Athletics Program

Budget Report

Project Goal

To fund one year of soccer coaching for students at ACT College.

Project Background

Students at ACT College participate in a rigorous course load focused on engineering/manufacturing, computer science or digital art. However, they also have time to enjoy sport and athletics during their physical education period.

We are deeply grateful to the Armenian community in Sydney for funding one year of focused soccer coaching for the teens. Special shout-outs to the Ararat Football Club, Kulbas and the Armenian Apostolic Church of the Holy Resurrection for their support of this initiative!
