\* Thanks to the generous support of Rotary Club Yerevan International, Ayo! received an in-kind donation worth 50% of the cost of the playground materials. Moreover, due to Rotary's generosity, the playground was transported and installed in the public park in Berd completely free of charge.

\*\* While preparing the financial report for the project, we stumbled upon a pleasant result; due to cost and currency exchange rate changes we obtained a surplus of around \$350. Committed to our values of transparency, we decided to go back and ask our donors how this surplus should be spent, by identifying three options. The selected option by our donors, was to help 21 recently repatriated Syrian Armenian families, by joining the cause **"Clothing and food drive for Syrian-Armenian families"** organized by **Impact Hub Yerevan** in favor of **Aleppo CCO**.
